

Numbers & Oddities; the early days: February 1995-September 1995.

Additional related info was taken from my 'Digital Review' column that also appeared in the WUN newsletter.

'Numbers & Oddities' was one of the columns that appeared in the first 9 WUN newsletters. The column was later renamed in 'Utility Round-up' when it merged with two other columns. The column resurfaced in April 1998.

Especially interesting are the articles about the various Russian links with western intelligence networks, the Russian intelligence/diplomatic network and the articles about USAF's EAM's and Skyking messages.
